Dear President Liu,

Thank you for taking the time off your busy schedule to meet with me, and for hosting me to a lovely dinner during my visit to Beijing.

I am grateful for CAICT's close partnership that has resulted in the growth of the Chinese community in ICANN. Thank you for allowing us to use your facilities for the workshop with Chinese community leaders, which was also impressive, and reflected the great progress that your esteemed country has achieved in Internet development over the past few years.

I appreciate your suggestions on taking our partnership to the next level, particularly on exploring partnership in the technical areas related to the DNS. As mentioned, we will explore a visit by my Chief Technology Officer David Conrad in this regard.

Thank you and look forward to seeing you again soon.

Yours sincerely,

Göran Marby  
President & CEO ICANN
