11 April 2017

20th ANNUAL SESSION OF COMMISSION FOR SCIENCE AND TECHNOLOGY FOR DEVELOPMENT (CSTD), 8-12 May 2017, GENEVA

Dear Mr. Kituyi,

Thank you so much for your letter of 9th March in which you offered me the courtesy of speaking at the above Plenary Session on Monday 8th May in Geneva.

I have much pleasure, as has been discussed between our teams, of accepting this gracious invitation to contribute to the High-Level Roundtable on *Review of Progress made in the implementation of the World Summit on the Information Society (WSIS) outcomes* on the Monday afternoon. I look forward to a stimulating and, hopefully, interactive dialogue on the important developments taking place with respect to Internet policies.

I am also looking forward to our bilateral meeting in the morning of the (8th May) in your offices. I am most grateful that you were able to find a time in your busy diary.

I am looking forward to my visit to Geneva in May, along with the ICANN Board who are having a "Retreat" session in Geneva from 4th-7th May.

Yours Sincerely,

Göran Marby
President & CEO, ICANN
