Subject: Advance Notification Regarding Privacy Policy and Terms of Service Updates

Dear GDD Stakeholder,

The ICANN organization will be updating its privacy policies and certain website terms of service to provide greater transparency, promote simplification, and align with recent changes in privacy laws applicable to the ICANN organization.

As Sections 5.3 and 6.1 of the Naming Services portal Terms of Use reference ICANN organization's Privacy Policy and the New gTLD Personal Data Privacy Statement, we are notifying you that these privacy policies will be revised per the above referenced update. A redline of changes to these policies will be available next week on <https://www.icann.org/privacy> once these policies have been updated.

Should you have any questions, please email globalsupport@icann.org or contact your engagement manager.

Kind regards,
